Windsor ARCHITECTURAL HARDWARE

TRADITIONAL

CAMDEN SQUARE LONGPLATE
in Matt Black

TRADITIONAL COLLECTION

Experience the essence of timeless sophistication with our collection of traditional door handles. Meticulously forged and machined from premium solid brass, these handles are not only visually stunning but also built to last.

Choose from four stocked finishes – Matt Black, Polished Brass, Satin Chrome and Vintage Bronze – or explore ten signature finishes, making this Windsor's broadest finish range. Whatever your interior, there's a finish to complement it. Select your preferred style from the classic lever, round knob or oval knob, each offering a comfortable grip and refined aesthetic. Complete the look with a round rose, or choose from Victorian or square longplates.

Embrace the charm and character that our traditional door handles bring, adding a touch of refined elegance to your home.

FINISHES

STOCKED

The standard stock finishes range from the classic Polished Brass and Satin Chrome through to the trending Matt Black and unique to this range Vintage Bronze. All stocked finishes offer a range of door and window accessories to complement your handle choice and have a coordinated look and feel throughout the home.

Vintage Bronze

SIGNATURE

Windsor's bespoke finishes are refined by hand to create unique depth and character. Some are designed to age naturally as living finishes, while others are sealed with a protective lacquer. Each order is batch-processed for consistency across handles and accessories.

Note: We do not recommend lacquered finishes to be used externally as if badly scratched or damaged tarnishing can occur.

POWDERCOAT

Powdercoating is available in a durable finish through Dulux and Prismatic Powders, with a Core Range of 21 popular colours, including options to complement brass finishes. Ideal for extreme coastal environments, powdercoated finishes will naturally age and oxidise over time.
