

ITALIAN

**Windsor**  
ARCHITECTURAL HARDWARE

# ITALIAN

Everyone has their own curated collection of life's little luxuries. The taste of a fine wine, scent of your favourite perfume or feel of Egyptian cotton sheets.

Let the distinct touch of solid brass door handles become one of them.

*Make every door you open a little more special.*

# BESPOKE HAND FINISHES

Our signature collection of bespoke hand finishes has been honed over decades of perfecting its true artisan form.

They've always been a labour of love which began with dipping cabinet knobs in 20 litre buckets in the backyard to apply a lacquer and curing them in the family living room. Over time processes were refined, trends evolved and our collection grew.

Our hardware is forged and machined using the finest quality solid brass arriving at Windsor in a natural, raw state — a blank canvas ready to take on a new look.

To create the different finishes, we use a variety of metal treatments, then the finish is relieved-back by hand by our team of specialist craftspeople.

Some finishes are left in their natural state to age gracefully over time, these are our living finishes, others are coated with a resin lacquer to protect the colour and provide either a high gloss or matt finish, these are our lacquered finishes.

Door accessories, window hardware and pull handles are batch processed for precise colour coordination.

*From our hands, to yours.*

# CHALET

Crisp and clean lines, with a distinctively European feel.

An effortlessly stylish and slim design with radiused edges where a minimalistic look is desired.

The solid surfaces of the lever join the rose or longplate with contoured detailing.  
Pronounced accents make a bold statement that confidently blends colonial and Italian style.

# HAVEN

Classic elegance meets modern aesthetics expressed by a graceful curvature that follows the contour of your hand.

Reminiscent of a wing, the changing shapes forge a luminous glow.

## Lead Times

### Stocked finishes

NZ 1–2 day | AU 7 day delivery lead time

This lead time applies to standard stocked products. Products with finishes in this category can be returned if they are complete, have not been used and are in original order and condition.

### Special finishes

NZ 14 day | AU 21 day production and delivery lead time

This lead time applies to non-stocked bronze products and made to order products. The time allowance is conservative and products should be expected to arrive within the above mentioned lead times. Our Customer Support team will provide you with an ETA upon order placement. Products and finishes in this category are non-returnable items as they are a special order.

## Set Inclusions

### > Rose Lever Set

Includes Levers only

### > Rose Dummy Lever

Includes single Lever and 1152 Dummy Mount

### > Rose Passage Set

Includes Levers and 1172 Tubular Latch - 57mm b/s

### > Rose Passage Set - Separate

Includes Levers, 1172 Tubular Latch, 1173 Tubular Bolt and 8188 Privacy Turn & Release - 57mm b/s

### > Rose Entrance Set E48

Includes Levers, 1151 Euro Mortice Lock, 1148 Euro Cylinder & Turn and 8189 Euro Escutcheons - 57mm b/s

### > Rose Entrance Set E85

Includes Levers, 1403 or 1143 Euro Mortice Lock (finish dependent), 1148 Euro Cylinder & Turn and 8189 Euro Escutcheons - 60mm b/s

### > Longplate Lever Set

Includes Levers only

### > Longplate Dummy Lever

Includes single LH or RH Lever and 1152 Dummy Mount

### > Longplate Passage Set

Includes Levers and 1172 Tubular Latch - 57mm b/s

### > Longplate Privacy Set P85

Includes P85 Levers, 1172 Tubular Latch, 1173 Tubular Bolt and 8055 Privacy Turn & Release - 57mm b/s

### > Longplate Entrance Set E48

Includes E48 Levers, 1115 Euro Mortice Lock and 1148 Euro Cylinder & Turn - 57mm b/s

### > Longplate Entrance Set E85

Includes E85 Levers, 1403 or 1143 Euro Mortice Lock (finish dependent) and 1148 Euro Cylinder & Turn - 60mm b/s

\*All exclude Large Rose except Rose Lever Set

## Care & Maintenance

The hardware showcased in this catalogue is constructed from solid brass and available in hand crafted finishes (living or lacquered) and stocked (plated) finishes. Living finishes are left in their natural state to age gracefully over time and lacquered finishes are coated with a resin lacquer to protect the colour and provide either a high gloss or matt finish.

It is recommended that all painting or staining of the doors is completed prior to installation of the door handles.

### Stocked Finishes

To protect your handles we suggest cleaning the surface of your hardware periodically with a warm soapy lightly dampened cloth to remove any build-up of dust and grime that may cause corrosion and affect the integrity of the finish. Then simply dry thoroughly with a clean, soft cloth. Minimum of monthly cleaning of door handles is recommended for both finish preservation and general hygiene.

Atmospheric conditions, salt deposits, acids, caustic agents, cement or dust on construction sites all have the potential to cause discolouration to the surface.

Please avoid using any metal polishes, abrasive cleaners, scorers or rough cloths that may damage or scratch the hardware and do not spray or immerse the hardware in liquid to clean.

### Living Finishes

The living finishes will naturally patina over time with general use. As with all living and aging finishes, it is recommended to clean the surface periodically with a damp soapy cloth to remove any build up of dust and grime that may cause corrosion and affect the integrity of the finish.

Unlacquered Brass can be further protected by using the Windsor wax polish occasionally, rubbing this lightly over the surface will provide a layer of protection for extended finish longevity.

Oil Rubbed Bronze, Roman Brass and Dark Roman Brass can be preserved by gently applying a thin oil layer to the surface from time to time. Wipe a thin layer of olive oil (or similar) over the handle then with a clean cloth wipe again to remove any excess on the surface.

### Lacquered Finishes

The finishes with a lacquer are recommended to be kept free of dust and grime to prevent any chance of these particles affecting the integrity of the lacquer and potentially causing breakdown or discolouration. We suggest these are wiped and cleaned periodically using a mild window cleaner and damp cloth.

Gloss lacquered finishes may get some light surface scratches appearing with normal wear and tear, for this we recommend using the Windsor wax polish occasionally, rubbing this lightly over the affected area to will provide a layer of protection for extended finish longevity.

We do not recommend lacquered finishes to be used externally as if badly scratched or damaged tarnishing can occur.

## Warranty

At Windsor we stand behind the quality of our products 100% and are pleased to offer a lifetime mechanical warranty on all products in residential applications within this catalogue. Warranty on finishes will be at Windsor's discretion.
