

## NZ Made Artisan

The NZ Made Artisan collection of pull handles are made from solid brass, machined in New Zealand by kiwi craftsmen then finished by hand.

Named after some of New Zealand's great walks, these handles will provide a vista for your front door or connecting rooms similar to towering trees in native landscapes.

### Milford

Inspired by 'the finest walk in the world', the fine milling details reflect the steep faces of the glacier carved valleys and majestic fiords of Milford Sound.

code	mm crs	mm o/a	mm bar	mm pj
8331	340	400	25	65
8332	540	600	25	65

### Kepler

The curved ends of the Kepler pull handle are symbolic of several aspects of its namesake, including the abundance of surrounding mountainous peaks and tussock high country.

code	mm crs	mm o/a	mm bar	mm pj
8336	375	400	25 x 12	53
8337	575	600	25 x 12	53

### Tasman

The strong definitive lines of this handle mimic the coastal contrast between Abel Tasman's golden sand beaches, lush native bush, sculptured granite cliffs and crystal-clear waters.

code	mm crs	mm o/a	mm bar	mm pj
8341	375	400	25 x 12	53
8342	575	600	25 x 12	53

#### Finishes

These styles can also be custom made to any length up to 800mm for all finishes. For lengths above 800mm please enquire for available finish options.
